

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

GENERAL ADJUSTMENT IN ELECTRIC)
RATES OF KENTUCKY POWER COMPANY) CASE NO. 9061

O R D E R

IT IS ORDERED that Kentucky Power Company ("KPC") shall file an original and 12 copies of the following information with the Commission by September 10, 1984, with a copy to all parties of record. Each copy of the data requested should be placed in a bound volume with each item tabbed. When a number of sheets is required for an item, each sheet should be appropriately indexed, for example, Item 1(a), Sheet 2 of 6. Include with each response the name of the witness who will be responsible for responding to questions relating to the information provided. Careful attention should be given to copied material to insure that it is legible. Where information requested herein has been provided along with the original application, in the format requested herein, reference may be made to the specific location of said information in responding to this information request. When applicable, the information requested herein should be provided for total company operations and jurisdictional operations, separately. If neither the requested information nor a motion

for an extension of time is filed by the stated date, the case may be dismissed.

1. Provide a second revision of Section V, Schedule 1 (Exhibit CRB-5, Page 2 of 19), reflecting the assumptions and calculations made in preparing Exhibit CRB-7.

2a. Provide supporting documentation for all balance sheet and income statement amounts of AEP Generating Company included on Exhibit CRB-5, Page 13 of 19, in the calculation of KPC's cost under the proposed unit power agreement.

b. Provide supporting documentation of the in-service operating ratio included in the calculation of KPC's cost under the unit power agreement.

3. KPC will receive the same reduction in pool capacity charges under the proposed unit power agreement as under its ownership participation in Rockport. Provide the derivation of the increase in capacity charges that would occur if KPC does not acquire additional capacity.

Cost-of-Service

4a. Provide a description of how the 12 CP cost-of-service study, which was filed originally, was amended to reflect the replacement of the ownership and operating costs of the Rockport plant with a unit power arrangement.

b. Provide a description of how the time differential cost-of-service study was amended.

Done at Frankfort, Kentucky, this 31st day of August, 1984.
